

## **Terms and Conditions – Electronic Bug Sweep Services**

### **Scope of Service**

We will conduct an electronic bug sweep using professional-grade equipment and resources to identify and locate any unauthorised surveillance devices within the area specified by the client. This sweep will include physical and electronic detection methods to ensure a thorough search.

### **No Guarantees**

While we will utilise the best of our knowledge, expertise, and available technology to perform the sweep, **no guarantees** are provided as to the successful identification or removal of all surveillance devices. Surveillance technology evolves, and undetectable devices may exist. However, we commit to investigating every line of enquiry within our resources to ensure the most comprehensive sweep possible.

### **Timescale**

Due to the unpredictable nature of electronic sweeps, timescales can vary depending on the size, layout, and complexity of the area being inspected. The sweep will commence as soon as full payment is received, and clients will be updated regularly on progress.

### **What We Will Do**

We will conduct a comprehensive electronic sweep, covering the agreed-upon areas for surveillance devices, including cameras, microphones, and other recording equipment. Upon completion of the sweep, we will provide a detailed report of our findings, whether positive or negative, along with recommendations for further action if necessary.

### **What You Will Receive**

At the conclusion of the investigation, you will receive a detailed report of our findings, which may include:

- A description of any detected devices.
- The location of any identified surveillance equipment.
- Recommendations on mitigating future risks.

### **Costs and Payment**

Fees for the service will be charged at the agreed and published rate of £275.00 per hour + VAT, per specialist payable in advance. By making payment, you agree that the fees cover the time, expertise, and resources spent on conducting the sweep, regardless of the outcome.

**Right to Terminate**

We reserve the right to terminate the sweep at any time if we believe the terms and conditions have been breached or if the situation presents a risk to individuals involved.

**Liability**

The company assumes no liability for any consequences arising from the use or failure to detect surveillance devices. We commit to performing the service to the best of our abilities but cannot guarantee that all threats or risks will be eliminated.

**Governing Law**

These terms and conditions are governed by the laws of Scotland, and any disputes arising from the service shall be subject to the exclusive jurisdiction of the courts of Scotland.

**BY MAKING PAYMENT YOU AGREE TO THESE TERMS AND CONDITIONS.**
